

METROPOLITAN

PERSPEX® Metropolitan – taking a new look at style and the city

PERSPEX® Metropolitan is the latest stylish addition to the Perspex International portfolio.

Taking its inspiration from the sleek and sophisticated urban style of the great cities of the world - PERSPEX® Metropolitan oozes with cool, contemporary, city chic.

High Definition

PERSPEX® Metropolitan is a unique new material that combines a beautifully transparent sheet with a striking and highly defined edge effect to create the ultimate city style.

Available in a choice of four monotone edge colours, PERSPEX® Metropolitan offers the perfect colour collection to help you create your own urban appeal;

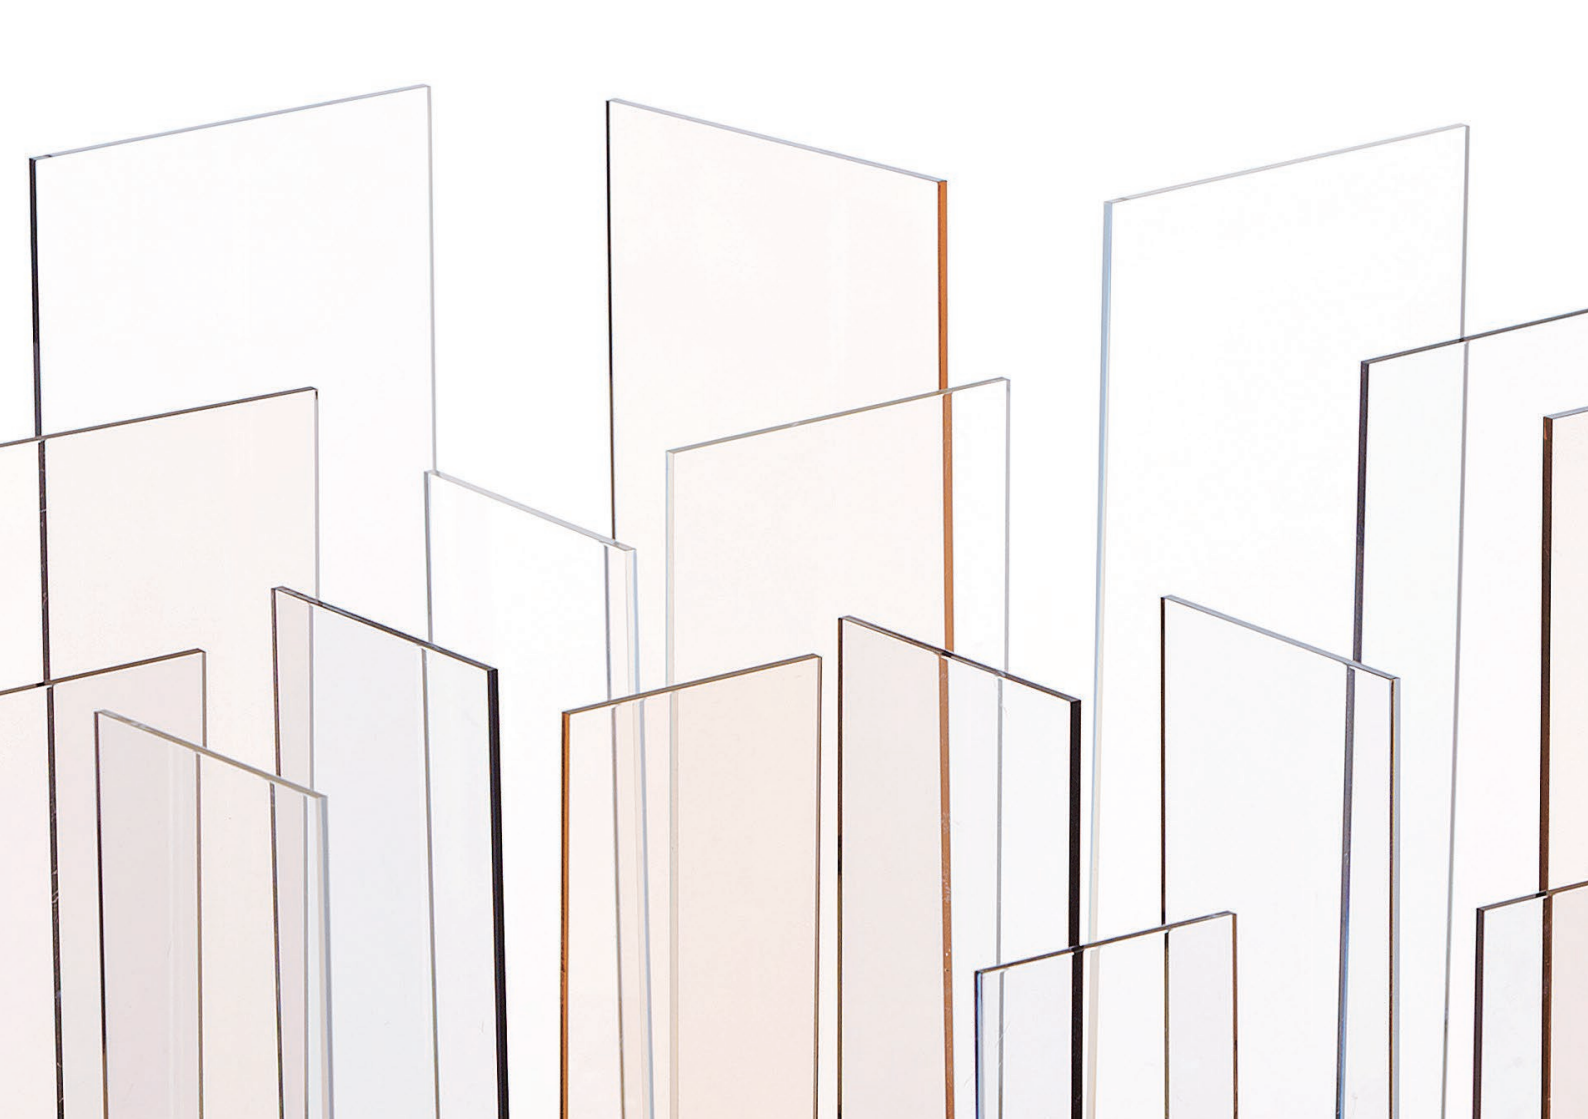

Manhattan Black – a deep intense black with high definition

Moscow White – a subtle white to lighten the mood

London Grey – a sophisticated grey to add texture and depth

Tokyo Brown – a contemporary brown to warm the palette

Style and Sophistication

Whatever the application;

- sophisticated point of sale that shows a product to perfection
- simple and ultra modern shelving
- sleek and contemporary interior design
- creative artworks and architectural pieces

PERSPEX® Metropolitan can help you create a look that epitomises the very best in city chic.

The combination of clean, modern, transparent acrylic with a simple yet highly defined edge effect creates a striking look that delivers its own unique style.

London Grey
Tokio Brown
Moscow White
Manhattan Black

Polished to perfection

What makes PERSPEX® Metropolitan so special is that the coloured edge effect is inherent in the sheet - so that whatever your preferred cutting, fabrication and finishing method – diamond or flame polishing, laser cutting or simple buffing, you can create a beautifully polished finish and striking edge effect whatever the size, shape or application.

And because it's PERSPEX®, you can be sure that whatever the application, PERSPEX® Metropolitan will continue to look good, in step with the city.

City professional

PERSPEX® Metropolitan has the perfect credentials for life in the big city.

Available as standard in 3050x2030mm sheet sizes and 3mm and 5mm thicknesses, PERSPEX® Metropolitan is perfect for most applications.

What's more, if you need something more than our standard range of four stylish monocolours, we can produce bespoke edge colours and thicknesses to meet your exact needs, just call your local PERSPEX® professional.
